

1. Search for and check out a Kindle-compatible ebook

- Using your computer, go to

<https://rochester.overdrive.com>

- Click the search icon in the upper right corner of the screen to search by author, title, or subject.

Note: **AVAILABLE** titles will have a dark teal bar across the top of the cover; titles that are currently unavailable will have a white **WAIT LIST** bar across the top. Patrons have the option to eReserve titles by clicking **PLACE A HOLD**.

2. Check out a title

- Click **BORROW** under the cover image.
Note: You may also choose to click the cover image for more information on the title, then select **BORROW** on the following screen.

- If you are not currently logged into your RPL Overdrive account, you will be prompted to enter your library card number and PIN. Click **Sign In**.

- Select the loan period from the **Borrow for** menu.
- Then click **BORROW** again.

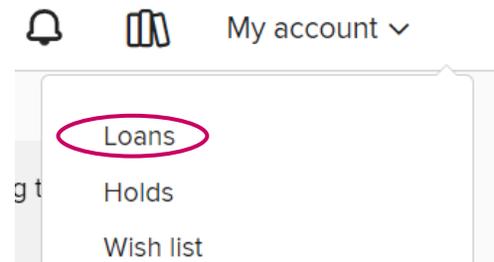

3. Download to your computer and/or Kindle.

- Your book should now be successfully checked out

- You will then be taken to **Amazon.com**.

Note: You can also find all the items you have checked out in your account, listed under **LOANS**

If you are not signed in to your Amazon account:

- You will be prompted to sign into your Amazon account. [Log in with the Amazon account associated with your device — usually an email address — **NOT** your library card number.]

If you are already signed into your Amazon account:

- You will see the screen below:

- From the **Deliver to:** drop-down box, select your Kindle to deliver your ebook. Click **Get Library Book**.

- You should receive the following confirmation message:

Thanks, Lynette!
Your digital library book will be delivered the next time Lynette's 2nd Android Device syncs. If you would like to manage your digital titles, go to **Manage Your Content and Devices**. Or you can read on other devices using our **Free Kindle Reading Apps**.

4. Loading eBooks onto Kindle

- Connect your Kindle to a wireless network.
- Once you are connected, **Sync** your device from the main menu (this may happen automatically). The new title(s) should be downloaded directly to your Kindle and can be found by going to the home screen. (The sync option location will vary by Kindle device.)

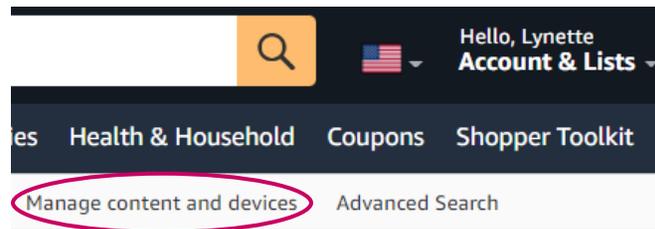

5. Early return for Kindle eBooks

It's not necessary to return ebook titles; after the checkout period expires, the title is automatically checked in. (A copy of the ebook will remain on your Amazon account and device, but it will not open after the due date.)

However, you can return titles early if you choose.

To return a title after it has been delivered to your Kindle:

- Go to **Amazon.com**.
- In the upper right corner of the screen, hover over **Accounts & Lists**, then select **Manage Content and Devices**.

- Click on the **Actions** button to the left of the title you wish to return.
- Select **Return this book**
- Click **Yes**.
